R1 Stainless Steel

Chipper Machine

- Stainless steel construction and unique design of cutting action ensures maximum yield - "more chips, less bits" - producing a quality chip.
- Easy to clean, no tools required with minimum maintenance.
- Chip size can be changed in seconds or blades can be replaced individually.
- Safety interlock switches are fitted to the hopper and knife block to protect the operator.
- **Bold 28/56 Potato Peelers** are leaders in the fish frying and catering industry.
The **Bold R1 Chipper** carries on the same tradition of quality engineering, ease of operation and reliability.
